

High Temperature Infrared Thermometer

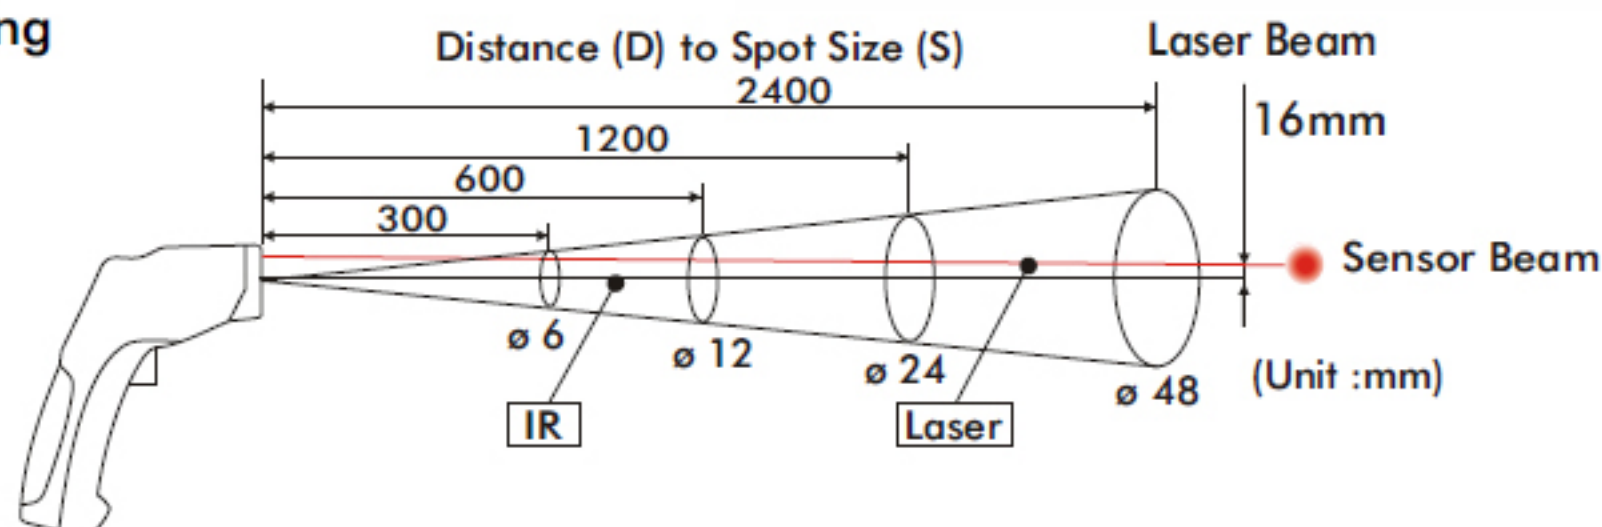

Features :

- ▶ High distance to target ratio to measures smaller surface areas at greater distances.
- ▶ Widest Temperature Range from -50.0 to 1000°C.
- ▶ Built-in laser pointer.
- ▶ °C / °F Switchable Button
- ▶ Automatic Data Hold & Auto Power off.
- ▶ Max, Min, DIF, AVG, record.
- ▶ Backlit LCD display.
- ▶ Adjustable emissivity.

Application

- ▶ Plastic Moulding
- ▶ Foundry
- ▶ Asphalt
- ▶ HVACR

Specification :

❖ Display	3-½ digit LCD with Backlighting
❖ Range	-50°C to 1000°C
❖ Basic Accuracy	± 1.5% of reading
❖ Resolution	0.1 °C
❖ Optical Resolution	50 : 1
❖ Power Off	Automatic shut off after 7 seconds, approx.
❖ Emissivity	Adjustable 0.10 ~ 1.0
❖ Battery	9V battery
❖ Dimension	230 × 100 × 56mm
❖ Weight	290g.
